Many books claiming to be toddler-friendly are full of product-focused crafts that are not engaging for little folks, who need to immerse themselves in the sensory aspects of art to fully appreciate it! MaryAnn's book is a breath of fresh air- chock full of simple-to-prepare, open-ended ideas for art experiences that will appeal to toddlers and even preschoolers. I have 2.5 year-old twins and we are joyfully working our way through this book from start to finish. There are lots of classic play recipes included to experiment with as well- get ready to get messy and have a blast! 4 of 4 people found the following review helpful.
