Suzanne shows you in a step-by-step book how to put this together and several ways to lay out the blocks. I highly recommend. I took off a star because the triangle needs adjustment and it is not mentioned. But, it's quick and easy. 21 of 21 people found the following review helpful.

Great Book/TechniqueBy Sandy EvansThis is a great book, well written, easy to follow and a great technique. I love both the 10 Minute Block and 5 Minute Block. Opened the book, sat down and made the Christmas Card holder in no time at all and it was darling.4 of 4 people found the following review helpful. First find size and placement of geese . . . Then make a sample first!By Norma B MillerThe blocks look EZ when I watched the author's Vidio , but feel she made the size and placement of the geese part . . . more hidden in both the book and her Vidio. I was a bit disappointed.
