Fresh ideas offering new takes and method to include more than the standard number of photos and amazing unique ways to use them on a page. I'm an altered book maker as well and found the suggestions and ideas wonderfully adaptable for both altered projects and unique cards as well. Now I'm trying to figure out how to apply some of the ideas in ATCs for some unique interactive cards. If you enjoy out of the box thinking and have some experience under your belt combined with a little boredom with your current pages, this book will whet your appetite and creativity! Highly recommended!0 of 0 people found the following review helpful. Some Good IdeasBy JohnLots of ideas but very weak instructions.If you already know a lot about the subject it can be
