0 of 0 people found the following review helpful. The Language of Flowers By Annie A well written book that covers a wide range of fragrances of flowers. There are many delightful ways to capture and save those evocative scents, in a wide variety of ways. You can learn to make natural products to use or give as gifts as well as flavoring in drinks, medicaments or decorations. Learning that each fragrant flower is unique with age-old reputations and value that have been credited with special meanings for hundreds of years. If you love flowers and their scents and would like to explore how you can capture their scents to improve every aspect of your life using your own creative touch, you will want to add this book to your collection.
