**Jacky Hobbs, Michelle Garrett : Floral Gifts: Creating Flower-Filled Gifts for Every Occasion** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Floral Gifts: Creating Flower-Filled Gifts for Every Occasion:

4 of 4 people found the following review helpful. Don't waste your money! By Carrie Beth This piece of garbage was a TOTAL waste of money. It had no innovative ideas, and no step-by-step directions ... just photos any idiot could have thought of, with the vaguest of directions, and no tips whatsoever. There are more - and better - ideas and directions in virtually any average book on gift-giving ... DON'T WASTE YOUR MONEY!

In "Floral Gifts", Jacky Hobbs shows how innovative containers can be used to create gorgeous floral offerings that are almost too good to give away. The charm of these floral gifts lies not only in the fresh blooms, but also the containers in which they are imaginatively presented. You could present a keen cook with a pestle and mortar planted up with culinary herbs, for example, or give a wine lover a bottle of his favourite vintage set among vines and grapes. The ideas in this book allow anyone to transform a simple bunch of flowers into something special, creating a memory that the recipient will always cherish. Bought flower arrangements swathed in cellophane can be expensive and impersonal, but these thoughtfully devised gifts come straight from the heart. \*Dozens of pretty and quirky ideas for birthdays, Christmas and other special occasions, such as St. Valentine's Day, Christmas and Mother's Day. \*Lively photography by Michelle Garrett.

About the Author Jacky Hobbs is a former product developer and gift buyer for a top high-street retailer. After studying horticulture, she became a garden writer, stylist, and photographer. Her work appears in "Homes Gardens", "Homes Antiques", "Gardens Monthly", and similar magazines. Michelle Garrett is a freelance photographer. She is based in West London, and travels extensively to capture exquisite lifestyle images. Her work can be seen in many magazines and books.
