Titia Joosten : Flower Drying with a Microwave: Techniques and Projects before purchasing it in order to gage whether or not it would be worth my time, and all praised Flower Drying with a Microwave: Techniques and Projects:

0 of 0 people found the following review helpful. I should have read the description betterBy Deborah H.I was interested in a book on pressing flowers in a microwave. I should have read the description better to have seen that this book is not related to pressing. My fault.

Originally published in the Netherlands. Book is loaded with activities and projects to extend the things grown in our gardens and along the way.Book is in pristine shape.
