I made a quick little video so you can take a peek at all of the fabulous detail and linework. There is so much variety in this book, folky birds, matryoshka dolls, gorgeous florals, wreaths, and mandalas. Two thumbs up and 5 stars for this gem!2 of 2 people found the following review helpful. Very beautiful!By slcook52I bought this coloring book for my adult daughter for Christmas, and know she'll love it. There's a nice variety of designs...some very intricate and detailed, and some easier. All are lovely, and would make beautiful framed art once colored. I also like that only the

fronts of the pages are printed, so no worry about bleed through.

The book contains 30 beautiful illustrations by surface pattern designer and illustrator, Anneline Sophia. The book is 8.5 x 11 inches.
